Docket No. 2008-415-C

Sandi Perry

v.

AT&T

---

The attorney for AT&T has offered me \$50 to settle the controversy pending between us in the PSC. I hereby accept the offer provided there is no convenience fee involved. I would like to settle the entire controversy between us, however.

If AT&T promises to make a good faith effort to refrain from hostilities, and agrees that when i call the AT&T SC Customer Complaint Hotline (1-888-818-8248) , that that office will help me promptly, then hopefully our entire controversy can be settled. (That office may make one return call in response to my call.)

In particular, the last 2 phone bills contained completely off- the -wall charges that need to be resolved.

Thereafter, it is prayed that AT&T and myself shall not be before the PSC again.

Sincerely,

Sandi Perry
